why origin mini dehumidifier works better

	origin mini dehumidifier	chemical soluble desiccant
daily moisture absorbing (ml/24h/85%rh)	30 ml	12 ml
max. absorbing capacity	200 ml	120 ml
regeneration time	3hrs	n/a
safety	non-toxic, non-dissolvable, non-liquid produced	dissolving chemical liquid & chlorine produced during usage
application	hanging or placed in upright/flat position	easy to be spilled
cost and price	reusable and low electricity consumption 0.204/kw(h) per regeneration cycle	buy refills after fully absorbing

Product Specifications:

Storage Capacity: 80cm x 80cm x 80cm

Product Spec: 15 x 6.5cm

Casing Material: PP & ABS

Desiccant material: SiO₂

Desiccant net weight: 530g±10% (Absorbing volume approx. 200 ml)

Voltage: AC110~240V, 68W±10, 50/60HZ

Certificate: CE, UL, PSE, KC, GS, BSMI

Origin of Product: Taiwan

Patent : Taiwan, USA, China, Korea, Japan, Germany, UK
